

17/45 extracellular matrix

70/293 mitochondrion

271/864 intracellular anatomical structure

0/23 meiotic nuclear membrane microtubule tethering complex

17/48 external encapsulating structure

12/63 plasma membrane bounded cell projection

88/252 ribosome

22/49 extracellular space

75/280 extracellular region

62/229 nucleoplasm

35/132 nuclear chromosome

91/322 chromosome

208/569 plasma membrane
